## CHC: Creating Healthier Communities | #C01-000 .....

CHC: Creating Healthier Communities brings nonprofits, businesses and communities together around a shared commitment to better health and wellbeing. For more than 65 years, CHC has worked together with partners to address the barriers to good health and equity and create resilient communities where everyone can thrive.

Health equity is going to take all of us—organizations, businesses, and individuals—working together in communities across the country. CHC’s role is to enhance the capacity of nonprofit organizations, connect and convene diverse stakeholders, and harness collective resources and programs to activate collaborations that address root causes and improve the health of our communities.

*Through the Tennessee Board of Regents Campaign, your gift can help build stronger, healthier communities.*

## United Ways of Tennessee fights for the health, education and financial stability of every person in our state, and our efforts provide:

- Crisis response, food and shelter for victims of disasters, such as the pandemic, floods, and tornadoes
- Health care for vulnerable people who would otherwise go without
- Basic needs for those facing tough times
- Safe havens from domestic abuse
- Volunteer opportunities to support our communities
- Job skills for people who want to work
- Programming to engage and educate children and youth
- Free 2-1-1 phone access in every county to find health and human services

**When you give to United Way, you can give to a specific charity, a combination of charities, or you can designate directly to United Ways of Tennessee for statewide efforts or to a member United Way that serves your local community.**

Together, we can inspire hope and create opportunities for a better tomorrow.

That's what it means to **LIVE UNITED™**

## We also are proud to lead the Tennessee Afterschool Network and are grateful for donations for this initiative!

The Tennessee Afterschool network supports children, youth and families by building access to healthy and nurturing afterschool and summer learning experiences. Out-of-school-time programs give parents peace of mind, allow them to work a full schedule, and help them be more productive on the job and successful in their careers, including our essential workers. They also offer social and emotional support and enriching activities that spark kids' interest in school and learning.

Research shows that students participating in high-quality afterschool programs are less likely to abuse drugs or alcohol; are more likely to advance to the next grade and graduate from high school; earn higher grades and do better on standardized tests. Some out-of-school-time programs even provide opportunities for youth to gain employability skills, connect with local businesses, and explore possible careers.

Along with workplace campaigns and our annual radio auction, we also support the TN Scholars program and work our local "Stuff the Bus" initiative each year. We are expanding our community impact through new programs and partnerships daily. We have also been working this past year to help our community recover from the devastating floods that swept through our county, taking 20 beautiful souls from us and leaving thousands displaced. We have truly embraced the saying "Live United" because together, we can overcome and recover.*

## UNITED WAY OF THE MID-SOUTH

C88-000

### ALBERT EDWARDS 901-433-4325

United Way of the Mid-South serves communities in Fayette, Lauderdale, Tipton, and Shelby Counties. Committees made up of local volunteers examine areas of greatest need and available nonprofit services to assess where investments of your donated dollars may have the greatest impact for individuals, as well as the overall quality of life in each community. Grant-making supports areas such as education, health, and financial stability. Driving The Dream™ is an unduplicated network of services, provided by many United Way agencies, allowing families in need to connect with all the support available to them with a single call. This “one door” approach is helping thousands of families in Shelby County move toward financial stability and out of the cycle of generational poverty.
