Summer 2014 Financial Aid

Requesting financial aid for the summer term is a separate process from the Fall and Spring semesters. During the summer, financial aid is extremely limited. Typically, a student’s eligibility for summer financial aid is limited to remaining eligibility for Pell Grants or Stafford Loans from the 2013-2014 academic year. However, some students who received Lottery Scholarships during the Fall and/or Spring semesters may also be eligible for Lottery Scholarships during the Summer semester. For more information, refer to the Type of Aid section below.

Minimum requirements needed to apply for summer aid

1. Must have included MTSU on the 2013-2014 Free Application for Federal Student Aid (FAFSA). If you already have a 2013-2014 FAFSA on file, you do not have to complete it again for summer. If you are transferring to MTSU, make sure that MTSU is listed as one of the schools authorized to receive your results. To add MTSU (school code of 003510), you may update your 2013-2014 FAFSA online.

2. Must be maintaining Satisfactory Academic Progress.

3. Must be admitted as a degree-seeking student. Transient students (i.e., students who plan to attend MTSU in the summer but transfer the credits back to another university) are NOT eligible for federal or state financial aid at MTSU. If the Financial Aid Office at the Home Institution (the school where you plan to graduate) is willing to pay the summer aid and initiate a Consortium Agreement, then MTSU will be glad to sign the Consortium Agreement. However, the other university is not required to initiate a Consortium Agreement. You cannot receive federal financial aid simultaneously at two schools.

Financial Aid Budgets

Your financial aid budget is based on estimated costs while attending school. Included in the budget are estimated costs for tuition/fees, books, supplies, room, board, travel, and miscellaneous expenses. Your financial aid budget is a factor used in determining the amount and type of aid you are eligible to receive. Each student is assigned a financial aid budget based on the number of hours and the sessions for which you are enrolled. For example, if you are enrolled in 3 credit hours during the June part of term and 3 credit hours during the July part of term, then you will be assigned a 2-month budget OR if you are enrolled in 6 credit hours during the June part of term, you will be assigned a 1-month budget.

Your budget will be adjusted through the Summer census date of July 10, 2014 and will be based on currently enrolled Summer classes and Summer classes already reflected on your academic transcript. Dropping and/or adding courses may affect the amount of your budget, which can affect the amount of your financial aid. ALWAYS contact the MT One Stop at 615-898-2111 or by email at MTOneStop@mtsu.edu before adding or dropping classes during the Summer. Dropping courses may cause your financial aid to be reduced which will require you to repay those funds to the MTSU Business Office.

Also, if your professor reports that you ‘Never Attended’ or ‘Stopped Attending’ your course, your financial aid may be reduced, cancelled, or you may even lose future eligibility for aid. If your aid is reduced or canceled, you will be required to repay those funds to the MTSU Business Office.

Confirmation and Financial Aid Refunds

- Students on Financial Aid Warning or Probation will not be able to use any financial aid and students will not be able to use the Tennessee Education Lottery Scholarship towards confirming Summer 2014 classes until after Spring 2014 grades are posted and continuing eligibility requirements can be determined. If you register between April 7 – May 7, you must pay for your classes in order to confirm your registration or your classes will be dropped.
- Typically, refunds are available at the start of your first enrolled summer class.
- It is recommended that you establish Direct Deposit with the Business Office (financial aid refunds are deposited into the student’s designated bank account).
Types of Aid

- **Tennessee Education Lottery Scholarship**
  - If you are currently receiving a Tennessee Education Lottery Scholarship, you may be eligible to receive a summer scholarship even if you already received a full-time award in the fall and spring. You will be required to repay these funds to the MT Business Office.
  - Dropping classes after the census date of July 10, 2014 or not attending and earning a grade of ‘FA’ may result in a permanent loss of your scholarship.

• **Federal Direct Parent PLUS Loans**
  - For dependent students who may not have enough financial aid to cover summer expenses, parents may apply for a parent loan by completing a [2013-2014 Parent PLUS Loan Request Sheet](#).
  - The amount of the loan may not exceed the financial aid budget minus other financial aid the student will receive.
  - A parent is eligible to apply if he or she is:
    1. The natural parent or adoptive parent of an eligible dependent, undergraduate student.
    2. A stepparent may apply for a Parent PLUS loan if the stepparent’s income and assets are considered on the FAFSA of an eligible dependent, undergraduate student.
    4. Not in default on any Title IV loan program
    5. An applicant with a good credit history. Any adverse credit may cause the application to be denied. The Department of Education determines if the parent meets this requirement.
  - The student for whom the parent is borrowing must be:
    1. A dependent student (as defined by the FAFSA)
    2. Enrolled at least half-time (6 undergraduate hours)
    3. Maintaining Satisfactory Academic Progress (SAP)
  - If the Parent PLUS Loan is denied due to adverse credit, the student may be eligible for an additional Federal Direct Unsubsidized Loan. If a previous Parent PLUS Loan was denied during the Fall and/or Spring semesters, the denial is still valid for Summer. Please refer to the Loan table above for annual limits. To apply for an additional Federal Direct Unsubsidized Loan, submit a [Summer 2014 Loan Request Sheet](#).

  - The amount of the loan may not exceed the financial aid budget minus other financial aid received.
