Listed below are potential website resources for liability insurance. These resources are provided to assist the student in the process of attaining liability insurance and are in no way affiliated with the university. A student may also wish to consult with other avenues to attain professional liability insurance, such as family and/or individual plans.

Resources:
National Recreation and Parks Association
Nrpa.org
Maginnis & Associates
Proliability.com

These sites may have provisions for persons to complete insurance application processes on-line. The prices for insurance coverage may vary, and it is recommended that each student research the situation to make his/her best decision.

Students may also receive assistance obtaining liability insurance through the Health and Human Performance Department. The department will initiate the insurance process with Marsh Affinity Group. Forms may be obtained through Kathy King in Murphy Center 112. After initiation processes are completed, all correspondence regarding the insurance policy will be between the student and the Marsh Affinity Group.

B. Background Checks

Criminal background checks may be a requirement at some sites for training. Based on the results of these checks, an affiliated site may determine to not allow your presence at their facility. This could result in your inability to successfully complete the requirements of this program. Additionally, a criminal background may preclude certification or employment. More information is available from your program director.
