

D2L ePortfolio Workshop

MT Engage Integrative Thinking and Reflection

Types of ePortfolio Assignments

- Working: ask student to collect and reflect on one or more assignments saved to ePortfolio (**required of MTE courses**)
- Project or Task: documents the process and product of a project (ex. Lab book; service learning)
- Showcase: cumulative for a course (intern/study abroad) or degree or program (MT Engage)

Terminology D2L Uses

- **ePortfolio:** the tool that houses student's artifacts and presentations
- **Presentation:** created by the student to present artifacts and reflections to an audience (what would typically be called an ePortfolio)
- **My items:** artifacts saved from the dropbox after grading or uploaded by students from their desktop
