

Women's Studies Program

Elyce Rae Helford, Director
James Union Building 308

The Women's Studies Program offers the Women's and Gender Studies minor to enhance students' knowledge and understanding of gender issues and the position of women in society. The program encourages a historically grounded comparative, global feminist perspective. All courses are informed by theories of the social construction of gender and address issues of diversity including race, ethnicity, class, sexual orientation, nationality, age, and/or ability. The program emphasizes an interactive learning process and promotes scholarly research. **Students may minor in one of two tracks: Women's Studies or Gender Studies.**

Upon selecting the Women's and Gender Studies minor, students should complete a Minor Information Form and obtain advising through the program director.
