

Advisor Mastery Program (AMP)

Certification Points

Each year the program dates will run from June 1st-May 31st. All points must be earned within this timeframe to apply toward certification. **Certification requires a total of 20 points/year using the AMP Point Reference Guide document.** Point updates will be sent to individual advisors every last week of each month.

Points may be adjusted and/or prorated depending on various factors: part-time advising, advisor administration, start date, etc. Follow the Prorated Certification chart below to determine if you qualify for prorated AMP Certification Points.
