

Military Science

Come prepared to be challenged, to learn, and to grow in self-confidence.

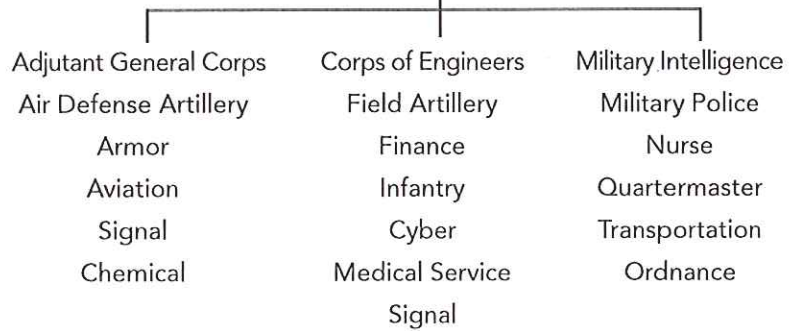

Graduation Commissioning

Army ROTC Scholarships

- * Full Tuition fees or Room/Board reimbursement of \$5,000 per semester
- * \$1,200/year for books
- * Monthly stipend of \$420
- * Additional monetary awards
- * Additional science, technology, engineering, and mathematics major incentives

ARMY CAREERS

Active Army: Full time

Army Reserve and Army National Guard:
Part time (one weekend per month;
two-week annual training period)

Our main focus is to develop leadership skills through exposure to interactive personal and group experiences. Professional officers and noncommissioned officers will teach, coach, and mentor you to capitalize on your strengths. You will work to improve those leadership qualities necessary for you to be successful upon graduating from MTSU.

- * No military commitment for taking the MS I and MS II Classes
- * MS 1010 and MS 2010 meet twice a week for 85 minutes
- * No Friday classes
- * Career-building classes in management, team building, organizing, and communication through exposure to interactive personal and group experiences
- * Exciting classes in rappelling, orienteering, team building, marksmanship, survival, and leadership
- * No uniforms and no books to buy for class
