4b. Scope: Benefit Statement

Most students are unaware of the SCF fee which constitutes a part of their tuition. Ever since the fee was approved, campus has become more environmentally friendly—due to students' investment. Promotion of SCF would increase student awareness of and engagement with campus sustainability. If there is enough engagement, maybe some of the money could go toward a cash prize for an SCF proposal competition for students.

Promotion of MTSU Recycling would help students identify where to recycle on campus, especially with all of the changes the Recycling Program has recently undergone, and would increase the program's value to the university.
