4a. Scope: Work to be accomplished

Remove the old/existing water fountains and install a new one with a water fillable station with it.

4b. Scope: Benefit Statement

Provide a good cold water for students in all the classrooms at Murphy Center. The existing one is not functioning well and there has been a lot of complains from some students that it is hard for them to fill up their water bottles with them. The water pressure is so low causing this problem. There are currently two(2) water fountains up there on that level and both does not seems to be working right. One can be a bottle water filler and the other a regular one.
