3d. If previous funding from this source was awarded, explain how this request differs?

4. Project Description

(Completed in as much detail as possible.)

- a. The scope of the work to be accomplished is a detailed description of project activities.
- b. The benefit statement describes the advantages of the project as relates to the selected project category.
- c. The location of the project includes the name of the building, department, and/or specific location of where the project will be conducted on campus.
- d. List any departments you anticipate to be involved. Were any departments consulted in preparation of this request? Who? A listing may be attached to this form when submitted.
- e. Provide specific information on anticipated student involvement or benefit.
- f. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- g. Provide any additional comments or information that may be pertinent to approval of the project funding request.

4a. Scope: Work to be accomplished: What is left of the tree in front of the KUC will be removed and replaced with a healthy new tree. Little River Nursery will deliver the tree. The trunk of the tree will be removed by Greenhouse staff. The new Pyrus Calleryana tree will be planted by participants from SEA and the dendrologists department.

4b. Scope: Benefit Statement: This project is under the category of Campus beautification; therefore, the advantages are sustaining the integrity of the campus and making a necessary change for the representation of a green campus. Also, the new tree will provide shade as it once did before.

4. Project Description (continued)

4c. Location of Project (Building, etc.)

In front of the KUC.

4d. Participants and Roles
