4a. Scope: Work to be accomplished: Deciding the locations of these trees and planting the 20 trees in addition to the 20 trees planted by facilities annually.

4b. Scope: Benefit Statement: This project is under the category of Campus beautification; therefore, the advantages are sustaining the integrity of the campus and making a necessary change for the representation of a green campus. Also, the new trees will provide shade and helps reduce flooding and erosion.

**4. Project Description (continued)**

## 4c. Location of Project (Building, etc.)

The location of these 20 trees is to be determined later in partnership with facilities.

## 4d. Participants and Roles

The Students For Environmental Action will work with facilities to determine the location of the trees and the planting of the trees.

## 4e. Student participation and/or student benefit:

Dendrologist majors participating in the replanting of the tree will apply learned knowledge from their major, while showing a sense of pride and care for a positive image of their campus. Also the hundreds of students will see that action was taken to replace what was once lost.

## 4f. Future Operating and/or Maintenance Requirements:

Replacing of mulch, irrigation, and trimming of the tree when necessary.
