Violation 3: B2. Failure to Cooperate with Institutional Officials

Decision 3: Responsible

Violation 4: B3. Providing False Information

Decision 4: Responsible

Violation 5: _____

Decision 5: _____

The following is a list of sanctions that have been imposed as a direct result of disciplinary action related to student below. Additional questions may be referred to the Office of Judicial Affairs.

1. Disciplinary Suspension - Effective immediately Kappa Xi is suspended to extend through the end of the fall 2021 semester. The chapter can petition for the suspension term to be shortened beginning with the spring 2020 semester; however, the following conditions must be met for the petition to be considered:

- The chapter must provide a list of members who will be responsible for student leadership upon reinstatement including viable contact information, resume, and GPA. These members must be free from academic or conduct problems/issues at MTSU;
- The chapter must identify a chapter advisor that has no ties to the Kappa Xi chapter of Alpha Phi Alpha. This person must be assigned with the full support and endorsement of the national organization(documented in writing);
- The chapter must agree to return to campus on a conditional probation which will permit only pre-planned activities and events that are jointly planned with the office of Fraternity and Sorority Life and a regional representative (detailed calendar of ALL activities required to be submitted PRIOR to reinstatement with no deviation from the planned activities);
- The chapter must agree to have no organizational contact (formal or informal) with expelled or inactive Kappa Xi members with specific directives and consequences shared with all members;
- The chapter must attend a meeting with Fraternity and Sorority Life and the Office of Student Conduct to analyze the series of events leading to the current suspension and identify communication strategies with all key constituents;
- The chapter agrees that all members associated with the reinstatement will maintain a 2.75 GPA individually and a 3.0 GPA as a chapter or forfeit their involvement in the probationary period;
- The chapter agrees to meet biweekly with the Office of FSL during their probationary period. If the chapter seeks to participate in intake, they must meet with the Office of FSL weekly during the intake process and keep the office abreast on all new members and the education processes;
- If different from the chapter advisor, the chapter must also identify an intake advisor that has no ties to the Kappa Xi chapter of Alpha Phi Alpha. (Additionally, Kappa Xi alumni should not be allowed interaction with the chapter during intake activities unless individuals are pre-approved by Alpha Phi Alpha nationally and the Office of Fraternity and Sorority Life at MTSU);
- Failure to follow MTSU new member presentation policies will result in a chapter suspension not to be less than 3 academic years.
