<p style="color:red; text-align:center; font-weight:bold;">**Due to circumstances there was no meeting in February. The February Consent Calendar was included in the March 2011 Minutes.**</p>

Graduate Council – Consent Calendar
February 25, 2011

Graduate Faculty Membership

<u>Associate</u>
Yun Soo Lee / Health and Human Performance

Curriculum Changes

Educational Leadership

<u>Other</u>
Create a Graduate certificate in College and University Teaching, effective Summer 2011
> ***---This item will be placed on Graduate Council Agenda February 25, 2011 to be reviewed by full Council.***

Computer Science

<u>Changes in Credit Hours</u>

CSCI 7300   Scientific Visualization and Databases, change from four credit hours to **three** credit hours, effective Fall 2011

Elementary and Special Education

<u>Other</u>

---Change the name of specialization in the Masters in Curriculum and Instruction degree from Initial Licensure K-6 to **Initial Licensure,** effective Fall 2011

---Add a track within the existing Initial Licensure Program/Master's Degree in Curriculum and Instruction for grades 4-8, effective Fall 2011

Engineering Technology

Non-Substantive Revisions in Curriculum of Existing Major, Minor, Emphasis

ET 5990   Industrial Engineering Systems, **remove 'Prerequisite: ET 3910 or equivalent'**, effective Summer 2011

Other

---Remove requirement of taking the comprehensive exam for students choosing the thesis option of the Engineering Graduate Program, effective Summer 2011

---Change minimum GRE score for admittance into the Engineering Graduate Program from 800 to 900, Effective Fall 2011

Computer Information Systems

Course Number/Title Change

INFS 6320   Advanced Integrated Security and Assurance, change title to **Integrated Security and Assurance,** effective Summer 2011

INFS 6300   Information Systems Security Management, change title and catalog description. New course title will be **IS Security: Management and Assurance**, effective Fall 2011

Proposed New Course(s)

INFS 6301   IS Security: Preventing and Detecting Breaches, 3 credit hours, effective Fall 2011

INFS 6302   IS Security: Intrusion Analysis, Recovery, and Response, 3 credit hours, effective Fall 2011

Non-Substantive Revisions in Curriculum of Existing Major, Minor, Emphasis

Within the Specialization in IS Security and Assurance: effective Fall 2011
---Replace INFS 6310 with INFS 6301, IS Security: Preventing and Detecting Breaches
---Replace INFS 6320 with INFS 6302, IS Security: Intrusion Analysis, Recovery, and Response

Inactivation of Course

INFS 5200   Data-Enhanced Internet Applications, effective Fall 2011

INFS 5760   Advanced Programming, effective Fall 2011

INFS 6010   Survey of Information Systems Issues, effective Fall 2011

INFS 6740   Strategic Information Systems, effective Fall 2011

Psychology

Changes in Credit Hours

PSY 5070   Research Methods, **change from four credit hours to three credit hours**, effective Summer 2011

PSY 5071   Research Methods Lab, **change from zero credit hours to one credit hour**, effective Summer 2011

Physics and Astronomy

Proposed New Course(s)

COMS 7654   Professional Seminar: Topic, 1 credit hour, effective Summer 2011

Mathematical Sciences

Proposed New Course(s)

MSE 7654   Professional Seminar: Topic, 1 credit hour, effective Summer 2011

Biology

Proposed New Course(s)

MOBI 7654   Professional Seminar: Topic, 1 credit hour, effective Summer 2011
