Alumni Association President

On behalf of the Middle Tennessee State University National Alumni Association, I congratulate you on joining our international network of more than 150,000 MTSU alumni. As a student, you embraced MTSU's core values of honesty and integrity, respect for diversity, engagement in the community, and commitment to nonviolence. As an alum, we hope that you represent our alma mater well throughout the world, actively contribute to your field, and are civically engaged.

Always be proud of the excellent education you received here and remain connected to your faculty and fellow alumni. Stay involved with the Alumni Association by following MTSU Alumni on social media, calling the Office of Alumni Relations at 1-800-533-MTSU (6878), and visiting mtalumni.com.

Take time today to reflect on how your life was changed while at MTSU and celebrate the hard work you put in to earn your degree. Congratulations again!

Friday Afternoon Address

Dr. Cary E. Holman

Director, Franklin County School District

Cary Holman, Ed.D., serves as the director of schools for the Franklin County School District. Previously he served as a middle school principal at two different schools in the Rutherford County School System for 17 years. Now in his 28th year in education, Holman has served as a classroom teacher (first, fifth, and sixth grades), assistant principal, elementary principal, middle school at-risk coordinator, middle school principal, and adjunct faculty member at Draughons Junior College and Middle Tennessee State University.

Holman received his educational training at Motlow State Community College (A.S. in Elementary Education, '93), University of Tennessee–Chattanooga (B.S. in Elementary Education, '95), Tennessee State University (M.Ed. in Administration Supervision, '00), Middle Tennessee State University (Ed.S. in Administration Supervision, '05), and American College of Education (Ed.D. in Educational Leadership, '20).

He has been a presenter at the National Youth At-Risk Conference (2018, 2019, 2020, 2021) and the Nuts and Bolts: Ready to Lead Conference (2018, 2019, 2021, 2022), and he served as a TEAM evaluation trainer for the Tennessee Department of Education.

Holman is also an ordained and licensed minister and serves as associate pastor at Believers Faith Fellowship. He and his wife, Rolanda, have two sons, Colin and Yuri, and have been blessed to raise their nephew, Corban Reynolds, after the passing of his mother (Rolanda's sister). Corban is now a student at MTSU.

Holman often reminds himself that the key to a successful marriage and a productive family is balance. During his free time, he enjoys spending time with family, cooking, and relaxing.

Saturday Morning Address

Rep. Bob Freeman

President, Freeman Webb

Tennessee State Representative for District 56

Bob Freeman was born and raised in the Tennessee House district he now represents, District 56. He and his wife, Rachel, are working parents with three young kids, two daughters and a son, who keep them on their toes.

During the day, he serves as president of Freeman Webb, one of the area's most successful full-service real estate companies. He graduated from Middle Tennessee State University with a degree in Construction Management and Land Development and went on to earn his master's in Sustainability from Lipscomb University's Institute for Sustainable Practice.

Freeman currently serves on the boards of the Tennessee Environmental Council and the Southern Alliance for Clean Energy; the U.S. Green Building Council's Tennessee Market Leadership Advisory Board; and the Nashville Homelessness Commission, which brings together advocates, business leaders, government agencies, and the general public to collaborate on solutions for homelessness in Nashville.

As lifelong Tennesseans, the Freemans have always enjoyed the opportunity to volunteer with organizations making a positive community impact. Freeman also finds inspiration in his wife's work as president of the Sexual Assault Center in Nashville, noting the healing support and advocacy the center provides for children, adults, and families affected by sexual assault.

Freeman says he and his wife feel blessed every day that they get to raise their kids in a community inspired by creativity, perseverance, and leadership.

Saturday Afternoon Address

Mr. Michael Hardy
Singer and Songwriter

Country/rock singer-songwriter Michael Hardy, known professionally as HARDY, has earned his reputation as “a promising purveyor of keeping the spirit of classic heavy Southern rock alive” (*American Songwriter*).

A five-time Academy of Country Music (ACM) award winner and two-time Country Music Association (CMA) award winner, HARDY has also won three CMA Triple Play awards, was named the 2022 BMI Country Songwriter of the Year, and is a three-time Association for Independent Music Publishers (AIMP) Songwriter of the Year.

Originally from Mississippi, he studied songwriting at Middle Tennessee State University, earning a degree in Recording Industry in 2013.

His latest releases are “QUIT!!,” an autobiographical and referential spoken word track that recaps his journey to becoming “Nashville’s nü-metal king” (*Los Angeles Times*), and “Rockstar,” a rock single.

HARDY soared to new heights in 2023 with the release of critically acclaimed half-country, half-rock sophomore album *The Mockingbird & the Crow*. The 17-track effort debuted Top 5 all-genre on the *Billboard* 200 Albums chart and topped seven additional *Billboard* charts in its first week, including Top Country Albums, Top Rock Albums, and Top Album Sales.

As *Rolling Stone* put it, HARDY is “capable of writing the big hits for radio, obstinate enough to do something completely unexpected, and savvy enough to find the throughline for it all.”

He has written 15 No. 1 singles, including his own two-time Platinum chart topper “One Beer” featuring Lauren Alaina and Devin Dawson, the platinum Dierks Bentley and Breland collaboration “Beers On Me,” and game-changing two-time Platinum duet “wait in the truck” featuring Lainey Wilson.

Mace and Chain of Office

Originally a medieval knight's weapon, the mace evolved into a symbol of royal scepters in various crown jewel collections. Large versions of the scepter have come to represent the power and authority of institutions such as our University. The mace measures 50 inches in length and is made of Tennessee cherry wood embellished with sterling silver and lapis lazuli. The Tennessee flower, the iris, denotes the public the University serves who, by their loyalty, give it strength and power. The leaves form a crown to symbolize the ennobling achievements of our graduates. Tennessee freshwater pearls, the official state gem, suggest the inestimable value of inquiring minds. The streamer on the wooden shaft carries the names by which the University has been known since its founding. The finial at the base of the mace is a stylized nut, representing the seed from which springs the mighty tree of those committed to lifelong learning.

The chain of office worn by the president is made of sterling silver. The lapis lazuli gems, mounted on scroll shapes, represent the colleges within the University. The knotted components depict the interdependence of knowledge and the various academic programs of MTSU. The lapis lazuli and sterling represent the University colors of blue and white. The Great Seal of the State of Tennessee embellishes the medallion suspended from the chain, representing the University as part of the Tennessee higher education system.

These unique emblems of authority were designed and crafted by Professor Klaus Kallenberger, formerly of the Art Department. The mace and chain of office are a generous gift to the University from the MTSU Foundation.

MACE BEARERS

Friday Afternoon

Mr. Tony Rodriguez

Cuban American illustrator and educator Tony Rodriguez teaches illustration at Middle Tennessee State University. His work infuses flat color with bold line to convey a sense of spontaneity and simplicity. Although the art is created digitally, it has the look of traditional pen and ink gestural, dynamic, and expressionistic drawings.

His works have been recognized by the Society of Illustrators in New York, *Communication Arts*, NBCUniversal, *Creative Quarterly*, *3x3*, *American Illustration*, *Latin American Ilustración*, The Illustration Academy, *Visual Arts Passage*, *Illustration Age*, *Applied Arts*, *Entertainment Tonight*, the Society for News Design, Grey Cube Gallery, and the United Kingdom's World Illustration Awards.

U.S. and international clients include *Rolling Stone*, *Los Angeles Times*, *The Wall Street Journal*, *The New Yorker*, *GQ*,

Smithsonian Magazine, *The Village Voice*, *The New Republic*, *The Boston Globe*, *The Washington Post*, *The Dallas Morning News*, *American Cowboy* magazine, *Computer Arts* magazine, *WIRED*, *Country Weekly*, *DAS Magazine*, *Blow Up* magazine, *Yankee Magazine*, *Nurant Magazine*, *Ace Entertainment*, *Facebook TV*, *Humanities* magazine, *Rhapsody Magazine*, *Misc Magazine*, *Peeps Magazine*, the *London Evening Standard*, *BBC Focus Magazine*, *Milk X Magazine*, *Flaunt Magazine*, Black Key Group, Atlantic Records, Rock Ridge Music, The Beach Boys, and Red Light Management.

Rodriguez, an assistant professor in the Department of Art and Design, earned his M.F.A. at Marywood University in Pennsylvania and his B.F.A. at Savannah College of Art and Design.

Saturday Morning

Dr. Hanna Terletska

Hanna Terletska is an associate professor in the Department of Physics and Astronomy and leads the MTSU Quantum Science Initiative (mtsu.edu/quantum). She is a computational and theoretical physicist with a diverse background in quantum systems featuring strong electron interactions and systems with disorder. She earned her B.S. in Physics from Drohobych Ivan Franko State University in Ukraine in 2003 and her Ph.D. in Physics from Florida State University in 2011. She joined MTSU in 2017.

Terletska's research portfolio includes 40 high-impact journal articles and more than 70 presentations at prestigious national and international venues. She has received multiple national awards, including the National Science Foundation Early Career Development (CAREER) award, the national KITP Scholar award, and the MTSU Honors College Exemplary Service Faculty Award.

Terletska is the principal investigator on five external grants (funded and recommended), four National Science Foundation and one Department of Energy, with a total of about \$3 million. Her expertise extends to serving on national committees, such as organizing the new PI meeting for NSF's Computer and Information Science and Engineering (CISE) Directorate, being part of NSF's ACCESS review committee, and serving as an annual reviewer of proposals for Oak Ridge National Laboratory's Center for Nanophase Materials Sciences. She has reviewed numerous NSF and DOE projects, as well as for esteemed journals like *Nature Physics*, *Physical Review Letters*, and *Physical Review B*.

Terletska actively supports women in physics at MTSU, acting as a faculty mentor and committee member of MTSU Women in STEM.

She also has been instrumental in driving quantum education at MTSU. She successfully piloted a new quantum computing course in spring 2023 and organized a high school summer camp in quantum computing. Additionally, she has conducted multiple workshops for 16–20 students, emphasizing the importance of quantum technologies and their potential for the future

Saturday Afternoon

Mr. Richard Lewis

Richard Lewis earned a B.A. in Fine Art Drawing from Xavier University in Cincinnati and an M.F.A. in Animation from the Savannah College of Art and Design. He moved to Los Angeles to create visual effects, titles, motion graphics, illustrations, and matte paintings for numerous projects, films, and television shows, including the *X-Files* hi-def conversion, the *Unsolved Mysteries* repackage, two seasons of *Life After People* on the History Channel, *Vanished with Beth Holloway* on Lifetime, and five years of *Art Mann Presents* on ASXtv/HDNET. He also directed a team of animators for two seasons of *The High Fructose Adventures of Annoying Orange* on Cartoon Network.

Since coming to MTSU in 2017, Lewis has taught a wide range of animation courses and has certified each with the MT Engage designation. He has incorporated client-based projects into courses, including having students work on modeling historic visualizations for “Hidden Town in 3D,” a digital history project, and create visual effects for the award-winning short film *ROAM*. Along with curricular committee and development work, he spearheaded the creation of the new Motion Design concentration in Video and Film Production, utilizing courses from both Media Arts and the Department of Art and Design.

Lewis has been working to grow the esports footprint at MTSU since taking over as the advisor for the Esports Club. For the past five years, he has served as the curator for the annual Faculty Submitted Student Work Exhibition hosted by the ACM SIGGRAPH Education Committee and has presented his work at the ACM SIGGRAPH conference. He co-directed the animated virtual reality short film *What Took You So Long*, which received the U.S. Broadcast Education Association Best of Festival Interactive Media Award, and has been assisting with projects for the new MT Imagine Animation Studio.

Academic Regalia

The black gowns and colorful hoods traditionally worn in Middle Tennessee State University Commencement ceremonies have their origins in the Middle Ages.

A statute in England in 1321 required that all “Doctors, Licentiates, and Bachelors” wear gowns. In the second half of the 14th century, the statutes of certain colleges forbade “excess in apparel” and prescribed the wearing of a long gown. Scholars were often clerics, as well, and they adopted costumes similar to those of monastic orders. While the special attire covered rank or social status, thus lending a uniform look to ceremonies, it also served another purpose: warmth in drafty, unheated buildings.

As the universities began to pass from the control of the church, colors often were added to the somber robes and hoods, eventually signifying the degrees and specializations.

The cut of the gown, which is usually black, also varies with the degree held—pointed sleeves for the bachelor’s degree; long, closed sleeves with a slit in the arm for the master’s degree; and round, open sleeves for the doctoral degree. While the bachelor’s and master’s gowns have no ornamentation, the doctoral gown is faced down the front with velvet and has three velvet bars across the sleeves.

At Middle Tennessee, hoods are worn by holders of the master’s and doctoral degrees, with the latter being longer. Hoods are lined with the official colors of the universities that conferred the degrees; thus, holders of degrees from MTSU wear hoods lined in blue and white. The velvet edging on the hood, and often the velvet edging on the gown, represents the wearer’s major academic field. Further, the velvet bars on the sleeves may be either black or the same color as the discipline color of the hood. Colors associated with various subjects follow:

Agriculture - Maize
Arts, Letters, Humanities - White
Commerce, Accountancy, Business - Drab
Criminal Justice - Midnight Blue
Economics - Copper
Education - Light Blue
Fine Arts - Brown
Home Economics - Maroon
Journalism - Crimson
Law - Purple
Library Science - Lemon
Music - Pink
Nursing - Apricot
Oratory (Speech) - Silver Gray
Philosophy - Dark Blue

Physical Education - Sage Green
Public Health - Salmon
Science - Gold
Social Work - Citron

The black cap, either a mortarboard or a tam, is customarily worn. There is no general rule for the position of the tassel. In practice at Middle Tennessee State University, the tassel is worn on the right. It may be shifted to the left after the degree is awarded. Men may remove their caps during the prayer, the playing of the alma mater, and the commencement address.

Undergraduate Latin honor graduates are distinguished by the stoles added to their gowns based upon the inclusive GPA: gold for those graduating summa cum laude, 3.90 to 4.0; silver for magna cum laude, 3.75 to 3.89; and white for cum laude, 3.50 to 3.74.

Graduating from the University Honors College is an additional merit awarded to students who have completed the Honors program, defended a thesis, and have a cumulative grade point average of 3.25 or higher. Graduates of the University Honors College who have completed at least 29 hours with a 3.25 average in the Honors program will receive blue and white cords. Those who have maintained a minimum average of 3.65 in the Honors program are graduating the University Honors College with distinction.

Since 1993, graduates of the University Honors College have received the official Honors medallion in recognition of their final thesis defense and completion of special requirements of the college. The medallion is a replica of the official seal of the University Honors College and depicts a lighted torch, three Ionic columns, and a lightning bolt. Respectively, these symbolize the search for truth and knowledge, the stability and unwavering commitment to pursuing knowledge, and the flash of enlightenment or creative energy.

Some academic honor societies and programs may provide cords, ribbons, medallions, or lapel pins designating the achievement and involvement of their members.

Military veteran students are distinguished by specially designed red stoles in recognition of their admirable service to their country.

Experiential Learning Scholars are distinguished by blue, silver, and white cords. These scholars completed EXL-designated hands-on learning courses, an off-campus service activity, an on-campus service activity, and a portfolio of reflections on their EXL activities. The EXL program provides

students with opportunities for hands-on experience, valuable networking, and an opportunity to explore career paths through real-world experience.

MT Engage Scholars are distinguished by royal blue, white, and gold cords. These students completed MT Engage-designated courses that promote active learning and integrated their learning by reflecting on connections across disciplines and between their academic and cocurricular experiences. MT Engage students showcased their integrative learning in an ePortfolio that documented their community and campus involvement as well as the academic knowledge and skills they gained during their time at MTSU.

International students may wear colorful sashes that represent their country of origin. Each sash symbolizes, in color and design, their country's flag.

Undergraduate Research students graduating with Distinction are wearing a dark blue, light blue, and white cord. These students graduating with Scholar Distinction are also wearing a medallion to recognize their completion of a research or creative project, its dissemination to the MTSU campus and/or a nationally recognized conference, and their engagement in promoting undergraduate research to the campus.

Most American colleges and universities have adopted a uniform code. However, at any academic gathering, costumes often are worn that are not described by these guidelines. Some of these may be from foreign universities, with others from American institutions that have preferred to remain with the European tradition of allowing each school to determine its own costume. Silver medallions worn by faculty denote 15 years of service, gold medallions represent 25 years, and two-tone medallions represent 35-plus years.

Academic Banners

The banners displayed at Commencement represent the University; its nine colleges (Basic and Applied Sciences, Behavioral and Health Sciences, Business, Education, Liberal Arts, Media and Entertainment, Graduate Studies, University College, and University Honors); Walker Library; and the Faculty Senate. Art Professor Janet Higgins, her

student Kristi Baughman, and Darrell Callis Burks, designer in Creative and Visual Services and 2000 B.F.A. graduate, designed and executed the banners. The colors used in each banner represent disciplines within the colleges. The University seal appears in the center of each banner, symbolizing that the whole is greater than any of its parts.
