Pursuant to 34 CFR [§668.43](#), Middle Tennessee State University (MTSU) provides the following disclosure related to the educational requirements for professional licensure and certification necessary for employment.

The Bachelor of Science in Aerospace, Professional Pilot (BS Aerospace, Professional Pilot) in the College of Basic and Applied Sciences is accredited by the Aviation Accreditation Board International (AABI) and is an approved Federal Aviation Administration (FAA) 14 CFR Part 141 Flight School. Admission to the BS Aerospace, Professional Pilot does not guarantee that students will earn FAA Pilot certification, up to and including the Commercial Multi-engine Certificate with an Instrument Rating, which is required for degree completion. MTSU's BS Aerospace, Professional Pilot curriculum has been authorized by the FAA to certify graduates for up to 500 flight hours toward the Restricted Airline Transport Pilot certificate.

FAA Pilot Certification is a federally established license; therefore, the BS Aerospace, Professional Pilot meets the educational requirements to seek FAA certification in all U.S. states and territories:

Alabama (AL)	Idaho (ID)	Nebraska (NE)	South Carolina (SC)
Alaska (AK)	Illinois (IL)	Nevada (NV)	South Dakota (SD)
