

About Us

Insurors of Tennessee is a professional association of independent insurance agents. Our purpose is to offer support to these agencies so that they can better serve the public. We accomplish this in several ways, through lobbying efforts, offering insurance products that fill agency needs, providing a continuing education source for agents, and making sure agents have the information and resources they need - when they need it - through our publications.

Underwriter Career Opportunity

Day to day focus on the selection, pricing and monitoring of new and renewal business for client insurance carrier. Develop and maintain business relationships with retail and wholesale agencies. Implement carrier guidelines and procedures regarding risk exposure, application, acceptance, modification, and denial to ensure the integrity of the underwriting activities and processes within established authority level utilizing the company underwriting system. Evaluate risk exposures for new business by reviewing submissions for acceptance or denial and provide quotations to retail and wholesale agencies. Evaluate renewal business using account performance. Identify accounts that require reinsurance approval and secure approval from reinsurers. Work closely with Policy Services and Audit Teams on acceptance of policy changes, audit discrepancies, billing, collections, reinstatements, cancellations, rewrites. Interact with loss control on risk evaluation and communicate with retail and wholesale agencies if needed. Work closely with compliance to meet regulatory requirements. Work closely with the claims department. Perform periodic review of underwriting results for the company and for specific agency partners.
