

About Us

State Auto employs approximately 2,000 associates and markets its products through more than 3,000 independent agencies in 33 states. Corporate headquarters is in Columbus, Ohio, and regional headquarters are located in Goodlettsville TN, Indianapolis IN, Columbus OH, Austin TX and Baltimore MD. State Auto Mutual also writes specialty insurance and workers' compensation products through its Rockhill insurance subsidiaries.

Internship

Join the State Auto experience as a Summer Intern! We're proud to host a summer internship program, offering 12 weeks of hands-on experience in the insurance industry. We maximize the internship by building your knowledge and skills in areas of our business that align with your academic preparation and passion. You'll be placed in a department related to your major for most of the summer, but we also incorporate a job shadowing component that exposes you to other areas of the organization- you'll get a well-rounded view of our industry! Our goal is to create successful relationships that may result in transitioning you from an intern to a full-time associate upon graduation.

Location

Goodlettsville, Tennessee
