Agency History/Biographical Sketch:
Alan Leslie Mayor was born in Belleville, Illinois on August 21, 1949. Alan’s dad, Albert Mayor Jr. was a Major in the Air Force at the time and was stationed at nearby Scott Air Force Base. After Alan graduated from Austin Peay State University located in his hometown of Clarksville, TN he moved straight to Nashville, TN and began photographing professionally in the mid-1970’s until his health declined in 2013. He loved every aspect of Nashville living there for 42 years. Mayor was a well-known Music Row photo journalist in Nashville. He worked with many up and coming artists, as well as generations of stars in the music industry. Mayor documented countless number one parties, Fan Fair (now known as CMA Fest), music industry award ceremonies, and other music industry events. In his free time Alan was an avid outdoorsman who loved to fish, boat, camp, and scuba dive. He also enjoyed time with friends and family. Alan Mayor passed away on February 22, 2015 in Clarksville, TN from stroke related complications.

Scope and Content:
This collection is comprised of 162 linear feet of photographic materials documenting Nashville and the music industry from about 1970 to 2013. The collection includes photographic prints, negatives, slides, digital photographic files, datebooks, press passes, and other various manuscript material.

Collection Contents (Folder/Box List):
Due to length, please see end of finding aid for full list.

Materials Cataloged Separately:
Per Center policy, certain formats are filed and cataloged separately for accessibility. Examples of these materials from this collection include trade catalogs and rare books. [For a complete list of separated materials, please contact the Center Archivist.]

Arrangement:
Original order of the materials has been maintained in so far as possible. Photograph numbers may not be in exact numerical order, they were placed in the sleeves as they were originally found in the envelopes they were donated in. Titles of events are taken from Alan Mayor’s own labels on envelopes and boxes. Brackets are to clarify or help identify people, places and events; Mayor’s datebooks were used in this process. In the case where there was no obvious original order, the processor devised the basic
organizational scheme for the collection, reorganizing the materials within component groups where necessary.

**Location:**
All manuscript materials are located in the special collections storage area and filed by accession number. Trade catalogs and rare books have been separated from the manuscripts and store with their respective formats.

**Related Materials:**
Other related materials in the CPM collection include the Robert F. “Bob” Menasco Collection (18-017); Music Row Collection (16-052); Colin Escott Collection (19-017) and other country music and Nashville related items that can be search in the catalog.

Alan L. Mayor photographs relating to his alma mater, Austin Peay State University, are located in the University Archives & Special at Felix G. Woodward Library at Austin Peay State University in Clarksville, Tennessee. Alan L. Mayor photographs relating to his work with the Jewish Federation & Jewish Foundation of Nashville and Middle Tennessee are located in the Annette Levy Ratkin Jewish Community Archives in Nashville, Tennessee. Any other photographs taken by Alan L. Mayor, such as nature works, travel, and others remain with the Mayor Family.

**Notes:**
Processing archivist notes much of 1997 prints appear to be missing from the collection. It is unclear if they were never developed or lost in the fire at Alan Mayor’s home in October 1998.

**Collection Contents (Folder/Box List):**
All labels are original to Alan L. Mayor. Brackets and parentheses were added by the processor for clarification.
