## Permit and Override Examples:

Example of class restriction on RaiderNet. Twanda Test attempts to register for ACTG 2110-001. She receives an error message and can click on the link in blue to determine how to resolve the error. In this case, must contact the ACTG department for a CLASS override. On the next snapshot, see an example of the CLASS override entered on SFASRPO.

Before the department or advisor issues the override, they can review the student's record in RaiderNet/Faculty Services tab/Advisor Menu/Term Selection/ID Selection/Current Student Facts, Test Scores and Transcript
