

**SGA Referendum No. 2-01-F**

**Whereas:** If a student attends class on a regular basis, but their final grade is borderline, the professor should round up the student's final grade.

**Whereas:** Many students do make an effort to attend all classes to learn as much as possible, so their efforts should be rewarded.

**Section 1. The SGA Association shall place on the Homecoming 2001 ballot the question, "Should MTSU Professors penalize a student's final grade based upon attendance in that class?"**

**Section 2. This referendum shall be placed on the ballot upon senate approval, the student welfare requiring it.**
