Bill
SGA Resolution 20-03-F

A resolution to establish the AIDS Quilt as Student Government Association's official philanthropy.

Whereas: Every minute 3.8 college-aged people of the United States of America contract HIV, the virus that causes AIDS

Whereas: Middle Tennessee State University has over 21,000 college-aged people that this affects, either indirectly or directly

Whereas: SGA is the official voice for all students, we should help in educating our fellow collegians about this disease

Whereas: A philanthropic cause is a great way for SGA to present a positive image and make influential changes in the lives of other individuals

Therefore, let it be resolved by the 66th Congress that:

Section 1: The Executive Vice President/Speaker of the Senate shall oversee the AIDS Quilt each year and be responsible each Spring Semester for setting up interviews for the new Director each year and for appointing/interviewing all other committee heads, assistants, and members.

Section 2: The Executive VP/Speaker of the Senate and the AIDS Quilt Director shall both collaborate and set a date for the Quilt that is in the Fall semester.

Section 1: Upon passage this resolution shall go into affect immediately, thus establishing the AIDS Quilt as SGA's official philanthropy

By: Amanda Newman, Executive VP/ Speaker of the Senate

Speaker of Senate

SGA President

VP Student Affairs
