Good Afternoon, Colleagues –

Below please find the next installment of MTSU Online’s weekly resources, tools, and tips for distance education. MTSU Online is happy to support the great work unfolding in your programs and departments, so be sure to let us know if you have specific needs, questions, etc.

**This week’s e-mail includes select OER simulations and virtual labs, and a useful reflection article on preparing for Fall 2020 courses.**

This is a topic that we frequently discuss with faculty, so take a look at [this collection](#) of free virtual labs and simulations across a range of disciplines.

And here is another [outstanding collection](#) of resources and reflections for faculty instructors, as preparations for Fall semester continue.

Please feel free to contact me or Cindy Adams ([Cindy.Adams@mtsu.edu](mailto:Cindy.Adams@mtsu.edu)) anytime, and be on the lookout for future messages including other useful information. Have a great week!
