Welcome (back) to campus!

While we are committed to continuing on-campus operations for the spring term, students, faculty, and staff must work together to help mitigate the spread of the virus on our campus and in the community. Here are answers to some of your questions regarding MTSU’s policies to help keep you and the rest of our True Blue community safe during the COVID-19 pandemic.

For a more extensive list of questions and answers, visit mtsu.edu/coronavirus

Report your COVID-19 test results or exposure at mtsu.edu/covidreporting or 615-494-7745

OUR MASK AND SOCIAL DISTANCING REQUIREMENTS

Do I have to wear a mask?

Masks or face coverings are required inside all campus buildings, including classrooms, labs, offices, and common areas such as hallways, stairways, elevators, restrooms, and other shared spaces. Masks or face coverings and social distancing also are highly recommended when outdoors.

How are we defining “mask”?

• A mask is a face covering that fits snugly against the side of the face; completely covers the nose and mouth; is secured with ties or ear loops; is made of multiple layers of fabric; allows for breathing without restriction, and can be laundered and machine-dried without damaging or changing its shape.

What happens if I forget my mask or face covering? Where will I be able to obtain one?

Academic departments will have a limited number of disposable masks for students who forget their face coverings. Administrative departments will have disposable masks for visitors. Mask and face coverings also can be purchased at MTSU’s Phillips Bookstore in the Student Union.

Will social distancing and masks be enforced on campus?

Yes. Students who fail to follow social distancing requirements, including wearing masks or face coverings and maintaining 6 feet of distance, may be referred to the Office of Student Conduct.

MTSU COVID Requirements for Students

REGARDING YOUR OWN HEALTH AND SYMPTOMS

IF

THEN

If you have symptoms that might be COVID-related but you have not yet seen a doctor or been tested

You are not to come to class or be out and about on campus if you have a COVID-related symptom or risk factor. Call the Nurse Triage Line at MTSU Student Health Services at 615-494-7745 and make arrangements to see a provider and be tested. While waiting for test results, you must remain in quarantine in your room or apartment so that you do not come in contact with other people. If you live on campus, you will need to isolate in your housing area until you are able to contact your housing staff so they can assist you in moving to alternative housing, if necessary, and receiving meals.

If you receive a negative COVID test result and you have no symptoms

You may resume contact with others and return to class if you have a negative test result and you have been symptom-free for 24 hours. At this time you are no longer considered suspect for COVID-19.

If you receive a positive COVID test result and you feel no symptoms

You must isolate away from other people for a total of at least 10 days from the date you took the test. The 10 days start the day after the positive test. You may resume contact with others and return to class on Day 11 if you have remained symptom-free. If you live on campus, please notify your housing staff so they can assist you in moving to alternative housing, if necessary, and receiving meals.

If you receive a positive COVID test result and you are experiencing symptoms

You must isolate away from other people for a total of at least 10 days from the start of symptoms and be symptom-free for 24 hours. The 10 days start the day after symptoms start. You may resume contact with others and return to class on Day 11 if you have been symptom-free for 24 hours. If you live on campus, please notify your housing staff so they can assist you in moving to alternative housing, if necessary, and receiving meals.

REGARDING THE TESTING STATUS OF OTHERS AROUND YOU

IF

THEN

If you have been in close contact (defined as within 6 feet for more than 10 minutes) with someone who has tested positive for COVID-19

You must either:

• Quarantine for 10 days (PREFERRED), starting the day AFTER the last contact with the person who tested positive. You may resume contact with others on Day 11 if you have no symptoms. OR

• Quarantine for 7 days and provide a negative COVID test (antigen or PCR) taken on or after Day 7. You may resume contact with others on Day 8 if you have no symptoms.

If someone you live with receives a positive COVID test result and you continue to share space with that person

You must either:

• Quarantine for 10 days from the start of their symptoms (PREFERRED), starting the day AFTER the last contact with the person who is infected. You may resume contact with others on Day 21 if you have no symptoms. OR

• Quarantine 10 days from the start of their symptoms PLUS an additional 7 days and provide a negative COVID test (antigen or PCR) taken on or after Day 17. You may resume contact with others on Day 24 if you have no symptoms.

If you have been in the presence of someone who tested positive but not in close contact (defined above)

You do not need to quarantine or take any other action.

MTSU COVID Requirements for Students

Updated January 2021
SAFETY AND HEALTH
What should I do if I feel sick or if someone in my home is exhibiting symptoms?
• Stay home
• Don’t attend an in-person class
Students should evaluate their ability to learn remotely in such a situation and act accordingly.
• Separate yourself from other people.
• Monitor your symptoms
Contact the Nurse Triage Line at Student Health Services at 615-494-7745 to report your symptoms and receive instructions about what to do next.

May a family member contact my instructor or a designated person on campus if I am sick?
Yes, but you need to have a Partners in Education (PIE) agreement on file with MT One Stop (mtonestop@mtsu.edu or 615-898-2111). Do I have to provide a doctor’s note to my instructor or campus?
According to MTSU Policy 311: A Class Attendance, while an instructor may request a doctor’s note, you are not required to provide one. Neither MTSU Policy 311 nor 311-A discusses the policies is not under discussion.

What should I do if I learn that a fellow student has COVID-19 or has recently been exposed to an infected person but is not quarantining or following campus guidelines?
Report the behavior to Student Conduct at mtsu.edu/student-conduct. Click on “Report a Conduct Violation,” and select “COVID-19 Non-compliance” under relevant categories.

CLASSROOM AND INSTRUCTION
What happens if my instructor tests positive?
The department chair or program director will ensure that your courses are covered.

What happens if someone in my class is diagnosed with COVID-19?
In a socially-distanced classroom setting with all participants being 6 feet apart and wearing face coverings, the current Tennessee Department of Health view is contagion risk is low and no quarantines of classroom participants are necessary.

If I decide that it is too risky to be on campus and want to move my classes to online or remote options, will I be allowed to do so?
Students wishing to move their classes from on-ground to online or remote after the semester begins and after the Drop/Add period should consult with their instructors and advisor. Students who anticipate this possibility should enroll in online/remote options.

How will I know what I missed because I’m sick or isolated?
Will video all in-person classes?
Classrooms have been equipped to stream classes live as well as record for later viewing. For classes where recording may not be appropriate, instructors will provide alternate materials. A “video” link appearing in the navigation bar for every course in D2L will provide recordings of all class meetings. Students with COVID-related health issues should inform their instructors as soon as possible to arrange for finishing their classes either on-ground or online.

Will Incomplete or Withdrawal policies change to address the needs of students who become ill?
Changing Incomplete and Withdrawal policies is not under discussion. Students who become ill should inform their instructor and/or advisor of the situation to determine the best solution.

What arrangements are being made for students who need internships or student-teaching assignments to complete their degrees?
Students whose degree plans require internships, clinicals, or teaching residencies should discuss plans for these courses with their instructor/advisor/program director.

TECHNOLOGY
Will computer labs be available?
MTSU’s computer labs at BAS S137, KOM 350/351/360, Adaptive Technology Center (Walker Library Room 174), and Walker Library computer lab—as well as other smaller labs scattered throughout campus will be available. They will have reduced capacity because of required social distancing.

How often will computer labs be cleaned?
Although everyone should take responsibility for maintaining sanitary conditions and caring for fellow students (and the University’s equipment), assistants will clean computers in high-use areas every hour. For departmental labs with no assistants, computers will be cleaned daily.

If my classes are online, will MTSU provide computer and internet access if I don’t already have it?
Laptops, Chromebooks, and hotspots will be available for students to check out at the beginning of the spring semester on a first-come, first-served basis. Request equipment at mtsu.edu/itd.

If I need special accommodations with computer access to take online classes, what do I do?
Contact the Disability and Access Center (dacmail@mtsu.edu or 615-898-2783).

FACILITIES AND SERVICES
Will campus workspace be available for students to use when they’re not in class?
“Campus computer labs will be open along with various locations at the University Center and the Student Union. Students should check the schedule of availability for appropriate spaces.

Will students with no on-ground classes have to purchase parking?
The Campus Access fee for parking services, part of the Program Services fee, is required of all students. It is used to fund and to maintain roads, sidewalks, lighting, and other parts of campus.

How will Rider Xpress operate?
• Occupancy will remain at 50%.
• Shields have been installed to protect drivers and passengers during loading and unloading.
• All occupants, including drivers, are required to wear masks or face coverings.
• Buses will be completely wiped down/sanitized at the end of each shift.

TERMS
Isolation separates sick people with a contagious disease from people who are not sick.
Quarantine separates and restricts the movement of people who were exposed to a contagious disease to see if they become sick.

For more information about how MTSU is dealing with the coronavirus/COVID-19, visit mtsu.edu/coronavirus

1200010110511Middle Tennessee State University does not discriminate against employees, students, or applicants for employment or admission to the University on the basis of race, color, religion, national origin, sex, age, disability, or veteran status. The University prohibits all forms of illegal discrimination and harassment. Students, faculty, staff, and members of the public are encouraged to report any complaints of illegal discrimination or harassment to the Equal Opportunity Deputy for Institutional Equity and Compliance (CEO/EOC) at 615-898-2185 orEqualOpportunity@mtsu.edu. Individuals who believe they have been the victim of discrimination or harassment should also contact the Equal Opportunity Deputy for Institutional Equity and Compliance. Compliance is designed to handle disputes regarding the non-discrimination policies and are not to be considered final action in any legal matters. MTSU’s Equal Opportunity Policy is intended to take into account the views and opinions of all members of the MTSU community and to reflect the individual perspectives of the members of the MTSU community. As such, MT-EOC policy on non-discrimination can be found at mtsu.edu/iec.
